

Physical Needs:

All of the camp is rustic dirt paths and wooden bridges, not wheelchair accessible. Most of the bathroom blocks are up 15ft slopes, and this will not be changing soon, as Mendocino Woodlands does not have the money to install a new bathroom block.

Due to the limited amount of parking space available, we do need to car pool, and there is a significant amount of people coming in from overseas or out of state who will need rides. People with 3 or more people will get to park in the closest parking lot, all others will be required to go the lot further along the road. Please, we need you and your car space. See registration form, for more details.

SHARE IN A WEEK OF EARTH BASED
SPIRITUALITY AND MAGIC

Hello to all new campers and returning campers. Come and study magic and ritual in a week long intensive that includes trancework, healing, drumming, dancing, chanting, storytelling, guided visualization and energy work. Witch Camp is offered to women and men at all levels of experience. Newcomers can learn the basic skills of magic and ritual, working with the elements, movement, sound and the mythological and historical framework of the Goddess Tradition. Advanced paths offer the chance to apply the tools of ritual to personal healing and empowerment, or a focus on taking the Craft out into the world, creating public ritual, ongoing groups, and healing issues surrounding leadership and power.

This year we are returning to beautiful Mendocino Woodlands, located just far enough outside the town of Mendocino to avoid coastal fog. The camp is set among a mature Redwood/Douglas Fir forest, creating a beautiful, peaceful setting. The cabins are rustic, but pretty. They have wooden walls with windows all round, the down side is, its only bug netting no glass, so it can get VERY cold at night, we recommend excellent warm bedding, my 0 degree sleeping bag does the trick quite nicely. Camping is also an option. A small river runs through the camp, which is actually the home of steelhead trout. There is a good wading hole 15 minutes away. The depth varies year to year, due to flooding.

This year your teachers will be:
Pomegranate Doyle from Portland OR
Beverly Frederick from California, Doug Orton
from California, Gwydion from San Francisco,
Rose May Dance from San Francisco, Katrina
from D.C. Todd Herriot from Ames Iowa,
Student teachers this year will be:
Tammi Griffith, Harvest,
Willow Kelly, Larry Savides

How to apply:

Fill in the registration form to the right, cut it off and send it in with your \$100 deposit or full payment, *NOTE* \$100 of this is NON REFUNDABLE/ Please make sure you fill in the entire form, to save us making many phone calls to find out your information. Thanks.

After you send in your payment, an information packet will be mailed to you. It includes a packing list, map and directions. Lots of tidbits and info you will need for having a good time at camp. You will also receive a detailed description of the classes to be offered, also full bio's from each of our teaching staff. Please note full payment is required by June 1st.

What is an Intensive:

Seven days of ritual and magic. Designed for people who are dedicated to powerful spiritual learning experiences and personal growth. This intensive is not a festival. It will expand your unconscious awareness, push your edges and likely change your life. The intensive is sequestered for the entire 7 days. Please plan to attend the entire week. Also we don't allow children due to the intensity of the week.

Drugs and Alcohol:

Witchcamp is a drug and alcohol free event. In support of those in recovery. Please do not bring either to camp.
