WHEN : Wednesday, June 22nd from 11:00AM to 2:00PM

WHERE : Embarcadero Plaza, San Francisco ♡

Come together in community to celebrate the Earth and all life. Join us as we reclaim our power and joy. Our intention is to create a space for dialogue, exploration, and celebration while facing those powers most responsible for the destruction, injustice, and disrespect of the Earth that harms our bodies, our communities, and our livelihood. Whether we are veteran artists and activists or stepping out for the first time, our actions will enliven the streets with our vision of a healthy and compassionate world.
